March 2023 loan book questions from product

Hi team,

Loan Products needs help understanding the Home Loan book for March 2023.

The question is not only who failed to pay. We need to know whether the pressure is coming from affordability, debit day timing, repricing, branch-captured mandates or a real product issue.

Can you prepare a short slide pack showing first missed debit, repeat missed debit, balances before collection, province, origination month and current account activity?

Please do not treat every failure as bad behaviour. Some customers look like they paid late or were affected by processing delays.

Regards,
Mandla
