KB 201908 quick view for Monday meeting

Hi Sarah,

Do we have a simple view of how the business is looking for August 2019? I do not need a perfect model, just something I can use in Monday's meeting.

The questions will probably be around customer activity, loan payments, failed transactions and whether the bank statement work is showing anything worrying.

Could you start with an Excel file I can filter myself? If the numbers are not final, please mark them as draft.

I know the data sits in different places, so use whatever is available and call out the gaps. I mainly need the story and the top issues.

Thanks,
Kabelo
